

## PEKANA Medications Overview

Homeopathic-Spagyric Drainage, Regulation, and Regeneration Remedies

### Eyes and Ears

**GLAUTARAKT spag oral drops** — glaucoma, cataracts, vision reduction

**OTIDOLO spag ear drops** — ear infections and inflammation

### Female Conditions

**KLIFEM spag oral drops** — hormone dysregulation, climacteric symptoms, hot flashes, perimenopausal disorders

**UPELVA spag oral drops** — regulates menstrual process, painful menstruation, pelvic floor blood stagnation

### Radiation Exposure/EMFs

**RADINEX spag oral drops** — Defends against the debilitating effects of environmental radiation or “electro-stress.” Promotes the excretion of accumulated biologically incompatible electro-magnetic frequencies from the connective tissue matrix, including those caused by exposure to cell phones, computers, power lines and other sources.

### Hereditary Conditions

**HABIFAC spag oral drops** — recurrent acute and chronic illnesses due to genetic or constitutional influences, resolution of miasms

### Insomnia

**SOMCUPIN spag oral drops** — insomnia, anxiety, sleep disorders, central nervous system drainage

### Specialty Remedies

**CitriPlus citric acid drops** — metabolic energy deficiency; reactivation of Krebs cycle in mitochondrial fatigue

**FormiPlus formic acid drops** — stubborn toxic blockages of the connective tissue matrix

**LacticPlus Lactic Acid oral drops** — metabolic energy deficiency, acid-base balance, promotes a healthy terrain, exercise intolerance

**FERRODONA spag oral drops** — anemia and iron deficiency, iron metabolism disorders

**PLEVENT spag oral drops** — fat metabolism disorders, weight loss programs, high blood lipids, increased fluid viscosity of blood and lymph

**OSS-regen spag oral drops** — prevention and treatment of osteoporosis and degenerative bone disease, protection of bone marrow

**THUJA oral drops** — Minimizes adverse acute and chronic vaccination stress reactions

## PEKANA Medications Overview

Homeopathic-Spagyric Drainage, Regulation, and Regeneration Remedies

### General Detoxification/Excretion

**PEKANA DRAINAGE KIT** — combines 50 ml bottles of:

**apo-HEPAT spag drops** (liver)

**ITIRES spag drops** (lymphatic)

**RENELIX spag drops** (kidney) in a single box

**TOXEX spag oral drops** — strong systemic excretion of xenobiotics, infection-derived toxins and heavy metals

**OPSONAT spag oral drops** — inflammation of serous and mucous membranes, enhances provocation of excretion of other remedies

**MUCAN spag oral drops** — cleanses extracellular matrix and body fluids of microbial toxins; gut terrain regulation

### Nervous System/Mental & Physical Exhaustion

**PEKANA STRESS BUSTER KIT** — combines bottles of:

**PSY-stabil 50 ml spag drops**

**DALEKTRO N 50 ml spag drops**

**NEU-regen 250 ml spag drops** in a single box

**NEU-regen spag oral drops** — restorative tonic for mental, emotional and physical exhaustion, adrenal exhaustion

**PSY-stabil spag oral drops** — nervous irritability, anxiety, stress; fragmentation of the psyche

**DALEKTRO N drops** — homeopathic mineral and electrolyte regulator, poor mineral absorption

**VISCUM spag oral drops** — nervous system drainage & regulation, solar plexus tension

### Lungs and Respiration

**apo-PULM spag expectorant** — primary lung remedy, respiratory infections with mucus and phlegm; devitalized lung qi and lung yin depletion

**BRONCHI-PERTU spag drops** — asthma, whooping cough, irritated lungs due to smog or toxic exposure

**apo-TUSS spag oral drops** — coughs and bronchitis

### Heart and Circulation

**CARDINORMA spag oral drops** — heart weakness, supports heart function, tone and rhythm

**co-HYPERT spag oral drops** — hypertension; helps resolve metabolic regulatory blockades at the root of hypertension

**coro-CALM spag oral drops** — cardiac sedative, tachycardia, disturbance of heart rhythm, irritability of heart shen, helpful in intractable insomnia

**CANGUST spag oral drops** — upper body circulation, heart blood stagnation, prevention of coronary disease; tonifies stomach qi

**CLAUPAREST spag oral drops** — lower body circulation, arterial and venous circulatory disorders, blood stagnation, stasis below the umbilicus

## PEKANA Medications Overview

Homeopathic-Spagyric Drainage, Regulation, and Regeneration Remedies

### Liver/Gallbladder

**apo-HEPAT spag oral drops** — liver & gallbladder drainage and regulation of detoxification pathways when liver phase 1 enzymes are downregulated due to dietary or genetic factors

**MUNDIPUR spag oral drops** — mild systemic excretion of metabolic waste products including uric acid, drainage where connective tissue inflammation is present, mild cholagogue, harmonizes biliary secretions

### Digestive Tract – Gut Dysbiosis

**apo-STOM spag oral drops** — improves function of stomach & intestinal tract, regulates hyperacidity; anti-inflammatory effect in the gut; harmonizes functions of combined remedies

**HELMIN spag oral drops** — Gut terrain dysregulation with dysbiosis; minor intestinal parasitic infections

**apo-ENTERIT spag oral drops** – Colitis, abdominal cramps, portal vein stagnation and inflammation of the intestinal tract caused by infections and food poisoning

**JUVE-CAL spag oral drops** — regenerative gut tonic, leaky gut syndrome, helps restore the mental, emotional and physical wellbeing of adults and children

### Digestive Tract – Constipation and Diarrhea

**DEFAETON spag oral drops** — constipation, sluggish bowels

**OKOUBAKA spag oral drops** — diarrhea; acute food poisoning, helps in resolving chronic gut infections

### Digestive Tract – Pancreas

**SPECI-CHOL spag oral drops** — pancreatic regulation and drainage, pancreatic irritation from mycotoxins

**GLUCORECT spag oral drops** — blood sugar dysregulation tending towards hyperglycemia, insulin resistance

### Kidneys and Bladder

**RENELIX spag oral drops** — kidney drainage and regulation, age-related decline of renal function

**AKUTUR spag oral drops** — acute urinary tract infections, cystitis; helps detoxify the pelvic floor

**apo-OEDEM spag oral drops** — edema (circulatory, hepatic, renal, lymphatic), fluid stasis

### Lymphatic System

**ITIRES spag oral drops** — lymphatic inflammation, stagnation & drainage, resolves issues at lymph nodes

### Prostate

**PROSCENAT spag oral drops** — prostate infections acute or latent, painful urination, pelvic floor drainage and regulation

### Thyroid

**apo-STRUM spag. oral drops** — thyroid regulation and detoxification

## PEKANA Medications Overview

Homeopathic-Spagyric Drainage, Regulation, and Regeneration Remedies

### Adrenals

**SUPREN spag oral drops** – Regulates proper adrenal function. Adrenals in the resistance phase of the general adaptive syndrome

### Spleen

**AILGENO spag. oral drops** — spleen detoxification, chronic fatigue, autoimmunity, suppressed hematopoiesis, intractable gut dysbiosis, all secondary to chemical and/or viral load altering the terrain of the spleen

### Pain and Inflammation; Tendonitis

**INFLAMYAR spag oral drops, topical ointment and oral pellets** — helps heal traumatic sport injuries, such as sprains, bruises and ligament strain. Treats rheumatic, arthritic and inflammatory conditions to bring fast relief

**ZELLULISAN spag topical ointment** — tendonitis, connective tissue detoxification; chronic polarity segmentation; carrier for transdermal application of remedies

**apo-DOLOR spag oral drops** — joint and muscle pain, especially after recent trauma; post surgical pain

**apo-RHEUM spag oral drops** — soft tissue rheumatism, arthritis; chronic musculoskeletal aches and pains due to metabolic factors rather than toxicity

### Skin Conditions

**DERCUT spag oral drops & topical ointment** — skin rashes, psoriasis, acne, eczema, contact dermatitis

**KELAN spag topical ointment** — scars and keloids

**DEMYC topical spag drops** — skin and nail fungus, athletes foot

### Colds/Sinusitis/Infections

**SEPTONSIL spag oral drops** — tonsillitis, upper respiratory tract infections, dental infections; encumbrance of the cervical, submandibular and occipital lymphatics

**apo-INFEKT spag oral drops** — cleanses the terrain of microbial waste following infections; post-infection fatigue and depression due to uncoupling of mitochondrial enzymes

**RICURA spag oral drops** — rhinitis and sinusitis, directs actions of other remedies to the head

**FEPYR spag. oral drops** – Fever, and viral infections. Helps relieve general pain and chills.

### Allergies

**PROALLER spag oral drops** — allergies, food or airborne; exposure to airborne irritants on an occasional basis
